Board of Trustees:

A Message From the Director

Dear Friends of the Foundation,

As the days of summer are dwindling down and back to school supply lists begin arriving, we hope you are spending time with your family, enjoying our local community events such as the Lancaster Festival!

We're happy to share with you the Spring 2013 grant recipients in this edition of our newsletter. We're honored that we are able to help our local organizations better our community. Below you will also find spotlights on two organizations that have been sponsored through Foundation grants this year.

Don't forget that you can also help support the Foundation and its projects through the Ambassador's Club. More information on how to join the Ambassador's Club will be coming soon.

We are continually grateful for your support in the funding of our programs and projects. Your generosity is essential to the success of our community and we thank you!

Enjoy your final days of summer!

Amy Eyman
Executive Director

Building a Legacy: One Project at a Time

Grants provided by the Fairfield County Foundation continue to touch every corner of our community, helping organizations accomplish their goals. Thanks in part to the Foundation, the Robert K. Fox Family YMCA recently began renovations on the YMCA RecPlex, that when completed, will accommodate more spaces dedicated to activities for youth in the community.

The project includes putting multiple batting cages upstairs for baseball and softball; a sport court floor for basketball and volleyball; and an emphasis on youth fitness in one of the racquetball court rooms. In addition, another racquetball room will be designated for the YMCA preschool gymnastics program.

"We expect to have this project completed by September and be ready for all the fall programming for gymnastics and our sports program," said Mike Lieber, Executive Director of the YMCA. "We especially thank all those who have given so generously to make this available for the kids," he added.

For more information about the Robert K. Fox Family Y and the RecPlex, visit www.ymcalancaster.org.

Building a Legacy: One Individual at a Time

Grants provided by the Fairfield County Foundation continue to touch every corner of our community, helping organizations accomplish their goals. Thanks in part to a \$4,600 grant from the Foundation, Fairfield DD has been able to extend its Green Machine garden, located at the Opportunity Center on Coonpath Road, from 1,400 square feet to a 6,500-square-foot garden, which now features a Farmer's Market that is open to the public.

The Green Machine is gardened by a volunteer group of Master Gardeners, who help members of Fairfield DD care for and learn about the garden.

"We want this to be a community garden," said Jackie Marion, a Master Gardener who assists members of the Green Machine weekly. "We want people from the community to come here and meet the people here because they're so wonderful, warm and friendly, and we want that interaction. When we put our sign out, it's going to say 'Meet the Green Machine in the Garden.'"
